BUSINESS OVERVIEW AND STRATEGY

Company Overview: Established in 2005, we specialize in manufacturing steel fiber products for industrial applications. Our portfolio includes Loose Hook-End, Glued Hook-End, and Flat Crimped Steel Fibers, along with Steel Wool Fiber. Operating under Duraflex, Durabond, and Durocrete brands, we serve construction, engineering, automotive, and infrastructure sectors. Our subsidiary, Durafloor Concrete Solution LLP, provides specialized flooring solutions. With 20 years of experience, we supply critical materials for tunnel shotcrete, precast concrete, industrial flooring, road construction, and automotive friction linings, consistently delivering quality and value across diverse industries.

Product/Services offerings: Our Company is engaged in the manufacturing supply and export of steel fiber products for industrial applications. Our product portfolio includes Loose Hook-End Steel Fiber, Glued Hook-End Steel Fiber and Flat Crimped Steel Fiber, available in various sizes and configurations for fiber-reinforced concrete applications. Additionally, we manufacture Steel Wool Fiber, which is widely utilized in the production of friction linings for brake pads and clutches. Furthermore, we trade Macro Synthetic PP Fibers under our “Durocrete” brand and operate a subsidiary, Durafloor Concrete Solution LLP, which specializes in providing tailored concrete flooring solutions.

INTERNAL RISK FACTORS:

The below mentioned risks are top 10 risk factors as per the RHP.

1. We are primarily dependent upon few key suppliers within limited geographical location for procurement of raw materials. Any disruption in the supply of raw materials from such selective suppliers and geographical location could have a material adverse effect on our business operations and financial conditions.
2. Substantial portion of our revenues has been dependent upon few customers. The loss of any one or more of our major customer would have a material adverse effect on our business, cash flows, results of operations and financial condition.
3. Our Company does not have long-term agreements with suppliers for input materials. A significant increase in the cost or shortfall in the availability of such materials, along with price fluctuations, could adversely impact our business, financial condition, and operational results
4. Our Company is yet to place orders for the machinery for the expansion of the proposed manufacturing unit. Any delay in placing orders or procurement of such machinery may delay the schedule of implementation and possibly increase the cost of commencing operations.
5. Risks associated with recent acquisition and revenue dependence on our subsidiary.
6. Our Business is dependent on our manufacturing unit. Any disruption, breakdown or failure of machinery, disruption to power sources or any temporary shutdown of our manufacturing unit, may have a material adverse effect on our business, results of operations, financial condition and cash flows.
7. Our Company had negative cash flows in the past, details of which are given below. Sustained negative cash flow could impact our growth and business. We have experienced negative cash flows in the past which have been set out below:
8. Company derives significant portion revenue from manufacturing of Steel Fiber and any reduction in the demand of such products could have an adverse effect on the business, results of operations and financial condition.
9. Our Restated Financial Statements for the financial year ended March 31, 2023 (Standalone) and the financial year ended March 31, 2024 (consolidated) of Kasturi Metals Composite limited, as included in the Red Herring Prospectus, have undergone certain modifications and updates.
10. Our contingent liabilities and commitments as stated in our Restated Financial Statements could affect our financial condition.
